# Addressing the Cardiovascular Patient, Balancing Inflammation & Increasing Energy

Please join us for a solutions based lecture addressing the cardiovascular patient, balancing inflammation and increasing energy. Dr. Victoria Coleman and Jackie Warner will be discussing clinically validated solutions for inflammatory disorders that commonly affect your patient base as well as effective ways to naturally increase energy. This event will be hosted by Doctor's Naturae in support with Douglas Laboratories and Pure Encapsulations.

## ITINERARY

7:00 – 8:00 PM

*Dr. Victoria Coleman, will be leading a discussion focused on highlighting new products proven to help with Inflammation, Chronic Fatigue Syndrome, Fibromyalgia and Cardiovascular disease.*

8:00 – 9:00 PM

*Bring cases to discuss, share ideas and inspire one another so that we can each learn and grow in our practices.*

The event will be catered by The Naked Sprout and will include dinner and refreshments, including an assortment of Pesticide, Additive, Dairy, Meat and Gluten free options!
